JUST ABOVE THE WATER LINE.

CONSTANT VIBRATION,

DUST AND DEBRIS.

THE PERFECT SITUATION
FOR POWERTITE.[®]

When your power source is subjected to harsh weather, moisture, and various airborne elements, Appleton Powertite plugs and receptacles really shine. The Powertite series features rugged construction that provides watertight, explosionproof and ignitionproof connections. Powertite plugs and receptacles are made from non-corrosive, copper-free aluminum and carry a NEMA 4X rating. They also offer intermateability with existing UL 1686 pin and sleeve devices. And now, Powertite is available in a 150-amp option, bridging the gap between 100- and 200-amp versions.

Find out more about Appleton's ultra-reliable Powertite connectors by visiting www.appletonelec.com. Or, give us a call at 1.800.621.1506.
